The blaze was of incendiary or gin, it is supposed.

## DEVELOPMENTS COME THICK AND FAST.

Following quickly upon the heels of the action of the Democratic City Committee, in the selection of the officers of the primary to be held on Thursday, September 21, comes the following card from Mr. Kenner Taylor, one of the candidates for Mayor:

Frankfort, Ky., Sept. 11, 1905.  
To the People of Frankfort:

I entered the race for Mayor many months ago, "subject to the action of the Democratic party." I believe the party would be allowed to act for itself through its official servants at the approaching primary.

In the committee delegated by the Democratic party of Frankfort with the duty and responsibility of selecting the candidates for the various offices of the city, there has been formed a working majority known as a "sub-committee" and this self-elected "sub-committee," having allotted itself with managing the election, has thrown its majority strength to the State machine and is now attempting to forestall party action and deliver the primary nominations to only such candidates as are acceptable to the machine.

In open opposition of the election laws, this "sub-committee" has so chosen election officers that most of those appointed to act at the polls are to be favorable to the machine candidates while it has actually given the machine candidates the sheriff of election in every single precinct in the city. This "sub-committee" has taken steps which prevents the next City Council election from being decided by a vote at the primary, thus arrogating to itself the exclusive power to name that body, thereby holding out new patronage to the machine candidates.

In view of these facts I feel it my duty, not only to myself, but to those friends who have offered me their support, to hereby withdraw from the primary and to announce myself as an independent candidate for Mayor. Yours truly,

KENNER TAYLOR.

## FIRE AT TYRONE.

A fire at Tyrone, Anderson county, on Friday night, destroyed the big department store of Bottom & Gee, a saloon, a barber shop and the Methodist Church. The loss was some \$20,000, the biggest the little town has suffered in a long time. How it originated is not known as yet.

A little life may be sacrificed if you don't have Dr. Thomas' Electric Oil on hand for the emergency.

## OTIS EVANS' ESCAPADE.

Otis Evans, who was adjudged insane and sent to the Eastern Lunatic Asylum, at Lexington, last week, escaped Tuesday night and went to the residence of his brother-in-law, Mr. Hearn, at Jets, and drove the family out of the house.

Evans was brought to this city and Detective Chas. Noonan and Sheriff Ed. Pierce were sent to that place and captured Evans, whom they found asleep in a second story room. He fought desperately, but was clubbed into submission, brought to this city and lodged in jail, until an attendant from the Asylum could come here for him. The attack of the Asylum came Wednesday and took Evans to Lexington on the 7:41 C. & O. on that evening. He will have to be closely guarded or he will make further trouble.

Don't let the little ones suffer from Eczema or other torturing skin diseases. No need for it. Doan's Ointment cures. Can't heal the most delicate skin. At any drug store, 50 cents.

## TERrible ACCIDENT TO JAPANESE NAVY.

The flag ship of Admiral Togo, of the Japanese Navy, one of the finest and most modern war vessels afloat, was blown up and sunk (together with 500 officers and sailors) by an accidental fire, in Sasebo harbor, on Monday night.

It is supposed the fire was caused by an overcharge of electricity. It was the worst thing that has happened for the Japs since the war began. Luckily the Admiral was not on board.

## ACCIDENTALLY DROWNED.

On Sunday afternoon, Clarence Weisiger, the 18-year-old son of Henry Weisiger, colored, attempted to step into a skiff, on the South Side of the river, when it floated away from him and he fell into the river and was drowned while trying to swim to the boat. The body was found about two hours after the accident and near the middle of the river. Coroner Graham held an inquest and the verdict was in accord with the facts.

## STARLING MORTALITY.

Statistics show startling mortality, from appendicitis and peritonitis. To prevent and cure these awful diseases there is just one reliable remedy. Dr. Newbold's New Life Pill, M. Flannery, of 14 Custom House Place, Chicago, says: "They have no equal for Constipation and Biliousness," 25¢ at all druggists.

## TWO INDICTMENTS.

The grand jury has returned two indictments against Calvin Newell. One charges him with the murder of George Smith and the other with the murder of Jas. D. Smith. He was brought into court, plead not guilty and the case was set for September 29th, the 19th day of the term.

## A SOURCE OF CONGRATULATION.

The recent Methodist Conference re-assigned Rev. J. O. A. Vaughn to the charge of the church in this city. The many friends of this enthusiastic, warm-hearted and lovable preacher rejoice that he is to be with us for another year.

## NUMEROUS AND WORTHLESS.

Everything is in the name when it comes to Witch Hazel Salve. E. C. DeWitt & Co., of Chicago discovered some years ago how to make a salve from the hazel that is a specific for Piles. For this blessed thing,itching and protruding Piles, eczema, cuts, burns, bruises and all skin diseases DeWitt's Salve has no equal. This has given rise to numerous worthless counterfeits. Ask for DeWitt's—the genuine. Sold by J. W. Gayle.

## FINE COURSE OF WINTER ENTERTAINMENT TO BE GIVEN BY Y. M. C. A.

M. C. A. and church entertainment companies. These are the best talent that the Colt Lyceum Bureau of Cleveland can provide. They are not classed as shows, neither are they lectures, but entertainments of the highest class. Before taking up the course the Association asks a guarantee of 250 season tickets.

Everybody interested in the success of this course of entertainments is asked to lend assistance to those who are promoting it.

Mr. McKenzie R. Todd has kindly taken charge of the department, which is a sure guarantee of its success.

There are also coupons at Mr. Barrett's store and Ebner & Co.'s Drug Stores.

Owen Robinson brought it home on Sunday from a point near Louisville. The rascal made good his escape. The horse and buggy were in good shape, but Mr. Shelton is out \$50 beside the use of the team.

When indigestion becomes chronic it is dangerous. Kodol Dyspepsia Cure will cure indigestion and all troubles resulting therefrom, thus preventing Catarrh of the Stomach. Dr. Newbold, of League, W. Va., says: "To those suffering from indigestion or sour stomach I would say there is no better remedy than Kodol Dyspepsia Cure. I have prescribed it for a number of my patients with good success." ## FINEST OF THE YEAR.

Monday last Mr. D. Meade Woodson brought to the city a box of peaches, containing 20, which were the finest we have seen this year. Mr. Woodson is a successful horticulturist.

### ABATEMENT OF DISEASE.

We are authorized to state that there are only two or three cases of diphtheria in the city (about the usual number that can be found at any time). As an evidence also, at the diphtheria is abating in the country, a leading drug house informs us that the sale of anti-toxine, the medical specific now generally used, has fallen off until it has been discontinued.

There has been entirely too much panicky talk in regard to this disease. We would be the last person to suppress the facts about it, but there is no excuse for exaggeration as well.

### BEAUTIFIED BY NATURE.

The vacant lot at the corner of Bridge and Second streets, with its undignified dump piles, hills and bottoms, has been turned into a "thing of beauty" and a joy to the eye by wild cucumber vines, which have overrun it in every direction, carpeting the ground and festooning the trees and fences with garlands of green, adding additional charm to the already many beautiful views from the St. Clair street bridge.

### ANOTHER NEW RESIDENCE.

Mr. Lafayette Wells will shortly begin the erection of a new residence upon the lot adjoining his home on Ewing street, which he will occupy with his family, when completed, and sell or rent the house he occupies at present.

### CANDIDATE FOR MAYOR.

We are authorized to announce Mr. KENNER TAYLOR as a candidate for Mayor of the city of Frankfort, subject to the action of the people. Election November, 1905.

20-te.

### NEW DEPOT GOES GLIMMER- ING.

Has been expected (ever since the attempted purchase of the necessary grounds failed), the erection of the projected new depot has been abandoned. When properly assessed, a building of \$10,000 to \$15,000 was held for about four times that sum, simply because it was wanted for railroad purposes, common sense should have made it manifest that so wide awake a corporation as the L. & N. R. R. Co. would not stand for such a gouge.

### CAME IN AUTO.

Messrs. W. L. Negus, A. L. Mc Kee and Geo. B. Hunt, of Green-ville, Miss., arrived in this city Friday evening, come all the way in an automobile.

Who says that the South is not in the swim when a party can come all the way over Southern roads in an auto?

### COURT OF APPEALS TO CON- VENE.

The September term of the Court of Appeals will meet, next week, with a very heavy docket.

As has been well known for some time, Judge Cantrell will not be able to sit. This makes the work of the other six judges much more arduous.

### HUNTING FORBIDDEN.

The closed season on quail, squirrels and rabbits is on now and will not re-open until November. So look out now, boys, and don't forget the punishment for breaking the law.

### A NEW FOOTWAY.

A new and substantial foot bridge has been erected across the ravine on Ewing street, to supplant the old one, so damaged by time as to be dangerous to pedestrians.

### SEX, NOT COLOR, THAT COUNTS

**A Southerner Is Greatly Surprised by an Instance of New York's Politeness in Public.**

"Well, sub," said a southern visitor in New York, reports the Sun, "I have always stood up for my section when it comes to politeness, but I saw something in one of the kays of an elevated train in New York that knocks the spots off our boasted, high-bred gentlemen. The kya was comfortably filled; every seat was taken, when in steps a couple of culled citizens. I reckon I'll have to say culled in New York. One of the citizens was a woman. Her man was with her. They were dressed rather well, I allow."

"Then there was a very stylish dressed young man, Caucasian in race, not to me, reading his paper. The culled woman reached up to grab a strap. Just then, sub, my Caucasian friend in his stylish get-up arose and tippin' his hat to the culled woman, says: 'Have your seat.' And doggone if she didn't take it, just as though she was in the habit of havin' white men give her a seat.

"At first blush I wanted to hit that Caucasian, it made me mad. That neva should see a white man in the south, give him a seat to a niggah. And who would set a nigrah take a seat from a white man. But he had New York politeness seems to draw no line. I confess to you, sub, I wouldn't a-dono what that New York man done; no sub. At the same time I allow that it was the genuine article. I reckon, though, it's mighty sca'ce."

### INDIAN PRAIRIE DOG HUNTA.

**Book of the Little Animals Is Deemed a Delight Disk by the Navajo.**

The Navajo Indian, while he cannot be prevailed upon to eat a rabbit, is greedily fond of fat prairie dogs. Large communities of these small animals abound on the western plains, and the Navajo have resorted to many ingenious methods for trapping his coveted dainty. One of them is by the aid of a bit of mirror placed at the entrance to a burrow. When the small venturers from his bedroom, deep underground, he sees a familiar image mocking him at the front door, and he hurries out to confront the impudent intruder when he is pinned to the ground with an arrow.

But the most effective method is what the Indians call the rain hunt. As soon as the steady downpour of summer rain begins, every Navajo who can walk repairs to the prairie dog village with hoes, sharp sticks, or any digging implement. With these they hollow out trenches, that will lead the storm water into as many burrows as possible. Soon a little stream is pouring down each small home, and the inmate, much disturbed, pops out to see what the matter can be. Many of the animals remain underground until they are drowned, and their bodies float to the surface. After such a bath in which many pounds of prairie dogs are generally secured, there is a feast for many days in the Navajo huts.

### STRANGE ADVICE!

Dr. G. G. Green gives alert personal attention to his great humanitarian contract.

In our Almanac for many years past we have given unusual advice to those afflicted with coughs, colds, throat or lung troubles or complexion. We have told them that did not receive the special benefit after the use of one 75-cent size bottle of German Syrup, to consult their doctor. We did not ask them or urge them to use a large number of bottles, as is the case in the advertising of many other nostrums. We know that German Syrup makes it possible for me to give such advice. We know by the experience of over 35 years that one 75-cent bottle of German Syrup will speedily relieve the cure the worst coughs, colds, bronchitis, lung trouble, etc., that, even in bad cases of consumption, one large bottle of German Syrup will work wonders. (New trial bottles, 25c; regular size, 75c. At all druggists.)

## The Frankfort Roundabout

Entered at the postoffice at Frankfort, Kentucky, as second-class mailable matter.

GEO. A. LEWIS, Pro'r and Pub.

FRANKFORT, SEPT. 16, 1905

TOO LATE! TOO LATE!

There is a great host of weary men and women toiling on through life toward the grave, who most sorely need, just now, the cheering words and helpful ministries which we can give. The incense is gathering to scatter about their couches; but why should it not be scattered in the hard paths on which their feet to-day are treading? The kind words are lying in men's hearts unexpressed, trembling on their tongues unvoiced, which will be spoken by and by, when these weary ones are sleeping; but why should not they be spoken now when they are needed so much and when their accents would give such cheer and hope? The flowers are growing to strew on their graves; but why not cut them now to brighten dreary lives and dark paths?

Many a good man goes through life plain, plodding, living obscurely, yet living a true Christian life, doing many a quiet kindness to his neighbors and friends, yet seldom hearing a word of commendation or praise. The vases filled with the incense of affection are kept sealed. The flowers are not cut from the stems. One day you stand by his coffin and there are enough kind things said to have brightened every hour of his life, if only they had been said at the right time. There are enough flowers piled upon his casket to have kept his chamber filled with fragrance all through his years, if only they had been sent day by day. How his heavy heart would have thanked God if, in the midst of his toils, burdens and struggles, he could have heard a few of the words of affection and approval that are now wasted on ears that hear them not. How much happier he would have been in his weary days if he had known how many generous friends he had! But, poor man! he had to die before the appreciation could express itself. Then the gentle words spoken over his cold form he could not hear. The love blossomed out too late. —EX.

REPAIRED.

We are happy to say that the crossing in front of the Custom house has been repaired so far as having the covering of the gutter replaced, thus closing a dangerous hole where-in some one was liable to be crippled at any time heretofore. We return thanks to those who attended to the matter.

## Badly

Shattered Nerves and Weak Heart.

Too Nervous to Sleep or Rest.

Dr. Miles' Heart Cure and Nervine Cured Me.

A shattered nervous system nearly always leads to some affection of the heart, especially when the patient's heart is weak from a nervous or hysterical condition. H. C. Cure is not only a great heart regulator, but it is a blood tonic which speedily corrects and regulates the heart's action, enriching the blood and improving the circulation. It will build you up just as it did Mr. Crawford whose letter follows, and greatly improve your general health.

"I have been so greatly benefited by Dr. Miles' Nervine and Heart Cure that I freely recommend it as the best remedies for the disease. The results are wonderful. When I began taking these medicines I weighed 160 pounds, my nerves were badly shattered and my heart troubled. I am now 170 pounds, I sleep well and soundly, had difficulty in sleeping on my left side, had frequent smotherings and my heart would flutter and palpitate. I could scarcely walk a mile without becoming fatigued, and was often compelled to stop and rest. I have no strength, no energy, no girth. I was ill." —T. R. CRAWFORD, Center, Texas.

HELP A CHILD TO FIND A HOME.

The Kentucky Children's Home Society has grown to be one of the greatest child saving agencies in America. The success of the work is due to the good people of our State who have opened their hearts and homes to the homeless, destitute children under our care.

Sixty or seventy bright, sweet children are sent to us each month and it is necessary in order to provide for other neglected little ones to find good homes for the children now under our care.

Have you a child in your home? If you have do you not think you could take another little one to rear and rear into good citizenship? Will you not help us by giving a home or finding a home for a child of any age from infancy to girls and boys of twelve years of age?

The Master said "Inasmuch as ye have done it to one of the least of these, ye have done it unto me."

If you are interested in the work, write for particulars to GEO. L. SEHON, State Sup't., Room 515, Masonic Bldg., Louisville, Ky.

HANDSOME INCREASE.

The receipts of the Postoffice in this city show a very handsome increase over that of last year at the same time. Take, for instance, the month of August, which is generally one of the dullest months in the year in business. The receipts this year show \$600 greater than for August, 1904. The total increase for the year beginning September 1, 1904, and ending September 1, 1905, is —— in excess of last year.

Capt. Drane, the postmaster, has made one of the most efficient and popular officers who ever held the place. He is a genial gentleman, whom everybody likes.

We say this because it is due Capt. Drane, and not in disparagement of any of the other gentlemen who are after the genial Captain's shoes.

## LAST CALL TO DUTY.

The State Fair opens at Lexington, on Monday next, September 18, and continues throughout the week.

We can not too earnestly urge upon our citizens the importance of attending this Fair. It should be and no doubt will be, a Fair just such as was held in the old times, before the late war, when everybody and his wife and babies went to Lexington and had a royal time at the Fair.

For some reason or other, there has, for number of years, been a decline in the attendance upon Fairs generally, the people had ceased to take the old time interest in them, but, in the last two years, that interest has reawakened, and when the managers of Fairs have given a genuine Fair, and not simply made them a cloak for a race-meet, their success has been assured and the people have turned out en masse. We are assured that the State Fair will have due regard to all the interests involved, and not simply seek to advance the interests of the noble horse (however commendable that may be), and if this is done, squarely and justly, the State Fair will not need to urge the people to patronize it, but they will come freely and joyfully, as of yore.

Turn out everybody and help along this good cause.

UNUSUAL CASE.

Nine years ago a horse was stolen from the barn of Mr. Dickerson, in Owen county. It was sold several times and finally came to the hands of Mr. Stephen Black, of this country. He purchased the animal from a Tennessee trader, who had purchased it from another, and so on. Mr. Dickerson brought suit against Mr. Black for the horse, in Judge Polk's court. The Judge decided that as the animal had been in the possession of others more than the statutory period of five years (and the party holding it now being an innocent holder for value, the statute of limitations applied, and dismissed the petition.

WANTED—A BOY.

Wanted—a boy. A brave, courageous, manly, hopeful boy; one who is not afraid of the truth; one who scorns a lie; one who hates deceit; one who loves his mother; one who does not know more than his parents; one who has the courage to say No, and stick to it; one who is willing to begin at the bottom of the ladder and work upwards; one who thinks it would be unmannerly to smoke; one who thinks an education is worth striving for; one who is willing to obey his superiors; one who knows his home is better than the street; one who doesn't believe the marvelous tales told in the story papers, and will not read the vile stuff; one who won't cheat in a fair game; one who won't be a sneak and do a mean act when unseen; one who won't spend every penny he earns or gets; one who thinks he should respect himself and keep himself in decent appearance; one who won't attack an old man because he is feeble and defenseless; one who won't torture dumb animals; one who won't steal; one who won't revile and jeer at drunken persons on the street; one who won't do a dirty act for another boy who is too cowardly to do his own meanness; who loves to do right because it is right. Wanted—a boy, a whole-souled, earnest, honorable, square boy. Where can he be found?

LOT SOLD.

When one gets Ballard's Obelisk, Miles' M. K. M., Old John or Marguerite Flours they get a Flour made from sound, dry wheat, as the mills at which these flours are made are located in sections so they are enabled to draw their supplies of wheat from States that harvested and threshed their wheat and put it on the market in first-class shape, while local mills are compelled to use wheat that was harvested and threshed damp. Wheat once wet can never be dried to make first-class flour. It will pay those wanting good flour to ask their grocers for the above brands. Call on me before buying and I will tell you all about it.

### CLIMATIC CURES.

The influence of climatic conditions in the cure of consumption is very much overdrawn. The patient, and the riper patient, too, can do much better at home by proper attention to food digestion, and a regular use of German Syrup. Free expectoration in the morning must be certain to a good night's sleep, and the absence of that weakening cough and debilitating night sweat. Restless nights and the exhaustion due to coughing, the greatest danger and dread of the consumptive, can be prevented or greatly relieved by taking German Syrup liberally and regularly. Should you be able to go to a warmer climate, you will find that of the thousands of consumptives there, the few who are benefited and regain strength are those that take German Syrup. Trial bottle, 25c; regular size, 75c. At all drug-gists.

J. B. Taylor, a prominent merchant of Chriesman, Tex, says: "I could not eat because of a weak stomach. I lost all strength and ran down in weight. All that medical aid that was done, but all sorts of recoveries, finished. Hearing of some wonderful cures effected by use of Kodol Dyspepsia Cure, I concluded to try it. The first bottle benefitted me, and after taking four bottles, I am fully restored to health, and have gained weight and health." Kodol Dyspepsia Cure digests what you eat and cures. Sold by J. W. ### CURE YOUR KIDNEYS.

Do Not Endanger Life When a Frankfort Citizen Shows You the Cure.

Why will people continue to suffer the agonies of kidney complaint, when there is a simple remedy that does away with disease, headaches, languor, why allow themselves to become chronic invalids, when a cure is offered them?

Deacon's Kidney Pills is the remedy to use, because it gives to the kidneys the help they need to perform their work.

If you have any, even one, of the symptoms of kidney diseases, cure yourself now before it becomes serious, or Bright's Disease sets in. Read this Frankfort testimony:

J. P. Taylor, of 304 Madison street, carpenter by trade, now retired, says: "For nigh on to thirty-five years I was subject to pain and weakness in my back. The trouble I know came from the kidneys, especially from the left one, this being the most affected. Sometimes I could scarcely rise after kneeling or stooping, and often when walking, sharp pains would take me in my left side so as to nearly cause me to fall. A weakness of the kidney secretions was very annoying, especially at night, serving as a check to sleep. For years, at oft-recurring intervals, I took various medicines which all practically failed to give the promised and expected benefit. It is the recollection of these very facts which makes me appreciate the value of Deacon's Kidney Pills to my friends as a remedy that can be depended upon."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Deacon's—and take no other.

### A BANG-UP TRIP.

The Frankfort Business Men's Club went to Cincinnati, on Thursday last, to the number of 125, on a special train over the F. & C. and Q. & C. Railroads, leaving this city at 6:30 a. m. and arriving in the Queen City at 10:30.

The Club went to the depot in command of Capt. John W. Milani, and headed by the Second Regiment Band.

At the Grand Central Depot, in Cincinnati, they were met by a big delegation of the Cincinnati Business Men's Club, headed by a band, and were taken to the Moerlein Brewery, where a delightful luncheon was served.

The big brewing plant was thoroughly examined, after which the crowd were taken on street cars to the Zoo, where all the wonders of that famous resort were shown. After having enjoyed the sights of the Zoo, the party disbanded to meet again at the Chamber of Commerce at 5 o'clock, where an elaborate banquet was served.

The usual amount of Kentucky hospitality was uncorked, ably backed up by the Ohio aristo bunch (no slouch), and the grand affair, from start to finish, was a grand success.

The party returned home at 12 o'clock that night, having enjoyed every moment of the time.

The object of the trip was to draw closer together the business interests of the two cities, to the mutual advantage of each.

It was a "mutual admiration society" clear through, and each voted the other "a jolly good fellow," with eyes wide open for business.

### DEATH OF DR. HUGH LEONARD TOBIN.

This sad announcement came as a shock to our city. His death occurred at 11 o'clock, on Thursday night, at Poplar Sanitarium, in Louisville. Dr. Tobin was the third son of the late Mr. Lawrence Tobin and Mrs. Mary Tobin. He was 44 years of age, and was a physician of fine attainments and standing. He had been physician at the local penitentiary for eight years in succession, and had also served as a member of the board under Governor Buckner.

For some time Dr. Tobin had been troubled with painful intestinal trouble, which baffled the skill of our local physicians, and had recourse to an operation for relief. The operation was performed some ten days ago, and, contrary to the hopes of the surgeons, he did not rally as expected. It is to be hoped he would.

On Thursday the case assumed a dangerous phase, and his brothers, Mr. Richard Tobin and Mr. John Tobin, were summoned to his bedside. He sank rapidly, and died at 11 o'clock.

Dr. Tobin was highly esteemed for his integrity and ability as a man and physician.

He leaves a wife and nine children, three brothers, three sisters and his aged mother to mourn his untimely end.

The remains were brought home yesterday and the funeral and burial will take place from the Church of the Good Shepherd today. Rev. Father Thos. S. Major, and the remains were laid away in the Catholic cemetery.

The sympathies of a wide circle of relatives and friends is extended to the bereft.

BUILDING A HOME.

Mr. C. S. Vermillion has commenced the erection of a new residence of seven rooms, on his lot on Logan street, between Third and Fourth streets, which will be a handsome improvement to that part of the city.

### .. DEATHS ..

YAGEL—In this city, on Monday, Mrs. Mary Yagel, aged 60 years, from a stroke of paralysis.

Mrs. Yagel was a sister of the late Mr. Joseph Oberman. She was born in Germany. She and her husband, Mr. George Yagel, conducted a grocery store at the corner of Broadway and High, until the death of Mr. Yagel, a year ago.

She leaves three sons (Messrs. George, Edward and Joseph) and one daughter (Miss Carrie), two stepdaughters (Mrs. W. F. Nickels and Miss Mamie Yagel) and a large circle of friends to mourn her death.

The funeral services were conducted on Wednesday, from the Church of the Good Shepherd, by Rev. Father Thos. S. Major, and the remains were laid away in the Catholic cemetery.

### Better Done in Germany.

"The whole caboodle of German is regulated so they can make the Americans jealous of German institutions," writes Ray Stannard Baker, in "Seen in Germany." In most cities, large proportion of the cabs are provided with "taximeters"—little dial placed in front of the seat and so arranged that they indicate just how much the passenger owes at any given time. For instance, when you take a cab in Berlin the indicator shows a charge of 50 pfennige (5 cents) as soon as you take your seat and as you drive the figures change 40 pfennige at a time, and when you are ready to stop you pay the sum indicated by the dial, which is no less than the fare of the cabman, and no disagreement as to charges, a feature of disagreeable prominence in London and Paris. And it may be said is passing that the charges are generally very low compared with those in American cities.

"DO IT TO-DAY."

The time seems imminent. "Never put off 'till to-morrow what you can do to-day," is now generally presented in this form: "Do it to-day!" That is the terse advice we want to give you about that important personal item with which you have been struggling for several years, perhaps weeks. Take some reliable remedy for it to-day—and let that remedy be Dr. Boschee's German Syrup, which has been used for over thirty-five years. A few doses of it will undoubtedly relieve your cough or cold, and its continued use for a few days will cure you completely. No matter how deep-seated your cough, even if it has been continuous for months, German Syrup will surely effect a cure—as it has done before in thousands of apparently hopeless cases of lung trouble. ALL IS READY.

Preparations for Big State Fair  
Complete—Splendid Grounds—  
Temporary Buildings  
Erected.

Prof. J. S. Duss  
Leader of Famous Band.

September 18-23!

For the past several months these dates have been impressed upon the people of Kentucky in every possible way. They have been posted on bill boards, they have gone out on letter heads, they have appeared in innumerable newspaper advertisements and reading notices. They are the dates on which the Big Kentucky State Fair, the largest and most pretentious exhibition of the kind ever attempted in the South, will be held.

THIRD STATE FAIR.

This is not Kentucky's first State Fair. There have been two others. One was at Louisville in 1892 and the other at Owensboro in 1903. The first was a moderate success; the second, from a financial stand-point, was a disastrous failure. (Quite a number of fairs were held before the war and one or two after it closed.—Ed.)

the best possible exhibits, the success of the fair is beyond doubt assured.

BEAUTIFUL GROUNDS.

The management of the fair was most fortunate in being able to secure the grounds of the Kentucky Trotting Horse Breeders Association. This plant is probably the most complete of its kind and for its purposes in the world. The grand stands are adequate and comfortable. The mile track is not only one of the fastest, but one of the best from the standpoint of trainers and horses that could be built. The grounds themselves are sodded and beautified with every improvement that the highest art of the horticulturist could suggest. The stables are now built on the latest and most approved patterns, and the whole plant is of a kind that could scarce be improved. It is splendidly adapted for the holding of a State Fair.

TEMPORARY BUILDINGS.

However, for the requirements of this year's fair it was necessary to erect certain temporary buildings, where displays of various classes of stock might be properly given and where that stock may be comfortably housed while it is here. For this purpose a large plot of ground belonging to the Gibson estate, and immediately adjoining the grounds of the Kentucky Trotting Horse Breeders Association, was leased. Here hundreds of workmen have been and are now busily engaged completing these temporary buildings. On account of the crowded condition of the stables of the Kentucky Trotting Horse Breeders Association it was necessary to provide accommodations for horses. To this end 76 box stalls have been erected, 9 by 10 each. There are eight cattle barns of dimensions 100 by 22 feet, which will care for 50 cattle each. There are two sheep pens and two hog pens, each with 64 stalls, 4 by 6. Besides these, Mr. L. C. Price, the proprietor of Penmoken Farm, will erect a barn where his Shetland ponies will be housed. A tent 30 by 6 feet will be provided for the poultry display. The magnitude of the fair is illustrated from the fact that it will be necessary to show the cattle, sheep and hogs under tents. Heretofore at all fairs held in Lexington the cattle have been judged on the track or grounds in front of the grand stand. But the classifications for this year's fair are so large and there are so many exhibits to be given that it will not be possible to do this. Hence a large tent, 40 by 130 feet, will be placed to the west of the betting shed for the cattle show. A tent for the sheep show and one for the hog show will each be between the buildings erected for these two classes of stock.

NO UNPLEASANT EFFECTS.

If you ever took DeWitt's Little Blue Kid, or any other laxative or cathartic you know what painless is. These famous little pills cleanse the liver and rid the system of all bile without producing unpleasant effects. Sold by J. W. Gayle.

GASH CUT IN HEAD.

Mr. H. T. Smith, who lives on the Flat Creek pike, was hauling a load of rails, on Saturday, when one of them slipped from the top of the wagon and struck Mr. Smith on the forehead, cutting a gash two inches long to the bone. Dr. C. A. Fish attended to his injuries, closing the wound with two stitches.

Mr. Smith will soon be all right again.

STRIKES HIDDEN ROCKS.

When your ship of health strikes the hidden rocks of Consumption, Pneumonia, etc., you are lost, if you don't get help from Dr. King's New Discovery for Consumption, McKinley Spring, Talladega Springs, Alabama. INCREDIBLE BRUTALITY.

It would have been incredible brutality if Chas. F. Lemberger, of Syracuse, N. Y., had not done the same for his infant son. "My boy," he says, "had a fearful gash over his eye, so I applied Buckle's Arnica Salve, which quickly healed it and saved his eye." Good for burns and ulcers too. Only 25¢ at all drugstores.
